Prof. Henry M. Mutembei, Director, Wangari Maathai Institute for Peace Environmental Studies holds a meeting with the Faculty of Veterinary Medicine, Department of Clinical Studies on Tuesday, May 29, 2018 to finalize logistical details ahead of the Makueni Animal Disaster Management intervention activities. This will be carried out in collaboration with the World Society for the Protection of Animals (WSPA) between June 3 - 9, 2018 in six Sub-Counties. A survey on effects of disasters on communities' livelihoods, livestock in particular will also be conducted to enable sustainable intervention strategies.
