

WMI participates in the Celebration of 40 Years of Formal Collaboration between FAO and the GOK- September 21, 2017

Ongoing proceedings during the event to celebrate FAO's 40 years in Kenya

Wangari Maathai Institute in conjunction with the College of Agriculture and Veterinary Sciences' faculty and students joined Food and Agriculture Organization (FAO) in commemorating 40th anniversary of FAO's collaboration with the Government of Kenya. This important celebration was held on September 21, 2017 at the United Nations Complex, Gigiri Nairobi. In its remarks, FAO acknowledged importance of strong support and partnership with all relevant stakeholders stating that it had contributed to its growth and effectiveness. FAO recognized the University of Nairobi, College of Agriculture and Veterinary Sciences for positively transforming the country's workforce and contributing to improved livelihoods and urged it to keep up the noble work.
